Applications & purposes

The marking tape unrolls smoothly and quietly and is best suited for marking and labeling in the office, workshop or warehouse. It is also used as a bag neck sealer tape for bundling, packaging and especially by means of our bag neck sealer for easy and quick sealing of bags (e.g. our flat bags) in manufacturing or converting companies, in warehouses or in the packaging area. So for the common bag neck sealers, this tape serves as a bag sealer replacement roll.

Characteristics

Adhesive type	nature rubber
Carrier material	PVC-Foil
Thickness (adhesive & carrier)	0,053 mm
Peel adhesion, adhesive strength (open side)	4,75N/25mm
Tensile strength	125N/25mm
Elongation at break	90%
Food contact	Not tested

Storage recommendation / Shelf life

Under normal storage conditions in a room climate (approx. 50% relative humidity & approx. 20°C room temperature) the product in its original packaging has a storage period of at least 12 months after receipt by the customer.
